

Third base umpire

Runners at 1st & 3rd

1. Be alert for steal at 2nd.
2. Call all plays at second and watch interference at second on double play.
3. Call flys between left and right and any flys to SS or third (if not a potential fair/foul ball).
4. Make call on runner returning to third after caught fly (this is NOT the tag up – the plate ump has that call.)
5. If 1st base ump goes out, move to get tag at first and touch by batter-runner and be prepared to make call on him advancing to 2nd or returning to 1st.
6. Watch for check swings if asked by plate ump.
